

THE HAUNTED GRIDLEY HOUSE CASE

BY PAUL DALE ROBERTS, HALO PARANORMAL INVESTIGATIONS

On December 26, 2021, our team was called out to an emergency paranormal investigation in Gridley, California. The homeowner, Amy Brimm Miller, reported extreme demonic activity.

The background of the case was extreme. Amy's son and brother passed away in a deadly car crash. Amy's son had a premonition that he would not live to see his 20th birthday, and he died before his birthday.

Now, Amy feels spiritually attacked in her home. In fact, an entity, possibly a demon, was telling Amy to kill herself. Other dangerous encounters in Amy's home included physical encounters, including an entity placing pressure on her foot, which almost resulted in a fall. Sometimes Amy feels sexually assaulted by an entity or feels weird vibrations throughout her body.

Shadow people have also been seen in the home, and Amy has taken photos and video footage of the shadow people.

The Investigation

Deanna Jaxine Stinson and I made a full sweep of the house to determine if we could get any anomalies in our photographs and videos. We also attempted to get some EVPs.

Deanna picked up on some of the entities in the home, as well as Amy's ex-husband's deceased mother. Deanna was able to describe her.

When we did an EVP sweep, we did manage to get

one EVP in one of the bedrooms of a male voice saying, "Go home." The voice actually sounded polite.

Deanna detected a portal in one of the bedrooms. Perhaps Amy's brother and son came through the portal and were following by negative entities. The land around the home has some significant history, and there is a cemetery right down the street.

The Maidu Indians settled on the land in Butte County, and there were Spanish and Mexican expeditions in this area. Many settlers had skirmishes with the Maidu Indians and many Maidu Indians lost their lives in these skirmishes. The Oregon and California railroad was built near this area, as well, and many Chinese laborers on the railroad died from exhaustion.

The Cleansing

Deanna left a care package of sage and healing candles for Amy. And I gave Amy a full submersion baptism in her hot tub. A full submersion baptism is a basic form of exorcism, and if you have an attachment, it will immediately leave following this process ... well, in most cases ... keep reading.

I also conducted a Roman Catholic house blessing to chase out the negative entities. Amy wanted the good spirits, including her son and brother, to stay. I have had about an 80% success rate in my cleansings and baptisms. In this case, I was not successful.

In these cases, I go with Plan B — bringing in a shaman to assist the homeowner. ♦
